Dear Friends,

Fruit - We praise the Lord to report more fruit to your account as we have seen more visitors come to the services here in Germany. We praise the Lord for the salvation of Alicia who got saved after a Wednesday evening service. She is the wife of one of our young soldiers who is very faithful. We also rejoice with Christine, the wife of one our soldiers in Iraq, who is following the Lord in baptism.

Goodbyes - A military ministry always carries several arrivals and departures. We rejoice to see many come, and we watch God work in their lives. We are saying goodbye to a great just married young couple, the Sanderson family, whom the Lord worked in their lives here at Lighthouse.

We are saying goodbye to Ryan, one of our college students who has been studying here at Heidelberg University from California. He gave a Testimony about how thankful he was about having a mission church that had a singles ministry to go to while being a student here in Heidelberg. We will miss Ryan as he is an encouragement to our family to continue to reach out to our singles and young married couples.

Children - We praise the Lord for the privilege of reaching the children of our military families with a variety of children's ministries here. We often bring in special guests to teach a spiritual lesson. Sassy Sally gave a lesson on not being sassy. We praise the Lord that folks are getting involved with helping in reaching these precious children of our military families through our Junior Church Program and Patch The Pirate Clubs.

Activities - We are thankful to see some new faces attend as we are offering a weekly activity for our singles and young married couples. We were very encouraged as we heard the testimonies of three different people at our progressive dinner about how they were saved. We are praying for a few that are attending and are not saved to get saved.

Possibilities - Our family took a one day trip to look and pray over an area that might have great potential to plant a military ministry as bases continue to close and consolidate here in Germany. We are seeing things happen at a much slower pace than expected due to the great demand on our troops around the world. The bases in the former Eastern Block are in the real early stages of being developed and planned out. The numbers projected there could be very minimal.

Thank You - We are very appreciative of all the encouraging cards and letters that you send us while being back on the field the past seven months. We are very thankful to each of you in a special way for making it possible for us to reach our military and their families here in Germany. We pray for each church on a continual basis that the Lord will bless your ministry in a great way and meet your needs in your area of labor.

Soldiers for Christ,

Harold and Karin Pierce
